"Hon. John Grigsby," Charles Klein's drama in which Frank Kossan is the star, has been called by Montgomery Phister, the dramatic critic, "the great American play." It is a thoroughly original, genuinely American, and it presents a picture of life that for accuracy and human interest has rarely been equalled on the stage. The scenes are laid in Illinois, in 1848, and it is no secret that the chief character, John Grigsby, the poor man's lawyer, was modeled after Abraham Lincoln. The dry, quaint humor, for which Lincoln was noted, abounds in the play, and although many of the scenes are dramatically intense almost to the point of being tragic, the vein of comedy runs through them all. The play will be at Washington Opera-house on Saturday, November 10th.

### THERE ARE OTHERS!

Local Managers Wish Some Home Folks Would Get "Salvation."

A dispatch from Upper Sandusky, O., says the following letter was received by Oscar Billhart, Secretary of the W. and self-explanatory:  
"I have been so busy to pay you for one entrance fee that I did not pay you one. An I have got salvation and I want to pay everything I owe you and as the Lord has laid it on me to send you this."  
The gentlemen who gave the Fair in this city a couple of years ago would be greatly relieved if about \$300 of their visitors were each struck with 25 cents worth of salvation of the Wyanos county brand.

"He that is ungrateful, has no guilt but one. All other crimes may pass for virtues in him."

CARLISLE wants a fire engine only when half the town is on fire.

"Boss" SAPP may now resume his old business of peddling glue.

COLLECTOR SAPP of Louisville has resigned. Now let Mister Senator Debow follow suit. Then there will be some show for Republican success in Kentucky.

WHAT SHALL WE DO?

Is it any wonder that the people of the North look upon Kentucky as still the dark and bloody ground when Lexington—the Queen of the Bluegrass—makes a record like that of last Sunday? From Saturday evening until Sunday evening the city witnessed a murder, an attempt to commit suicide, a bloody assault, a burglary, an escaping robber shot and a crazy man running amok in the outskirts of the town. All this occurred not in the benighted mountains where fables spring up in a night, but in the Athens of Kentucky, where there are more schools and colleges than at any other point in the South. What shall we do to Lexington?—*Cynthiana Democrat*.

Instead of asking what shall be done, The Democrat might very properly have asked, "What else can be expected in Lexington?" Where men are elected Justices of the Peace on their records as slayers of fellow human beings; where perjury is at a premium and truth at a discount; where the Courts refuse to consider the most open violation of law; where gambling-rooms are more open than Sunday-schools; where the Sheriff of the county joins in removing dozens of Republican election officers and putting Democrats in their places on the eve of election, in direct violation of even the present infamous partisan Election Law—where these and a thousand more disgraceful things transpire, as they have transpired in Lexington under the sanction of the Courts, what else than crime may be expected from those who are lower than the Judges, the Magistrates and the Sheriffs?

WOMEN AND JEWELS.

Jewels, cards, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of cough, colds and bronchial affections by the regular use of Dr. J. C. Wood's Cough Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is a cure-all, but it is a certain cure for coughs, colds and the throat troubles. You can get Dr. J. C. Wood's Cough Syrup at J. C. Wood & Son's, 121 Tremont Street, Boston.

KENTUCKY COLLECTORSHIP.

A Spirited Contest in Progress For the Once Made Vacant by Mr. Sapp's Resignation.

Washington, Nov. 12.—A spirited contest is in progress for the Kentucky collectorship of internal revenue, made vacant by the resignation last Saturday of C. E. Sapp. Senator Debow, Former Gov. Bradley, Commissioner of Internal Revenue, Representative Boring, Representative Irwin and several other prominent Kentuckians saw the president Monday on that subject. The candidates are S. H. Stone, Ed Greene, J. H. Craft, John A. Stratton and Mr. Sterne. Mr. Stone is backed by Commissioner Yorkes, and was one of those who saw the president Monday. Former Gov. Bradley and Representative Boring favored Mr. Craft, who is a lawyer and was a gold democrat a few years ago, when he became a republican. Senator Debow and Representative Irwin had desired Mr. Debow to be appointed, but failing in this, they are opposed to Mr. Craft.

Mr. Irwin presented a telegram signed by George Weissinger Smith, Albert Spies, George Newman, Jr., and Alfred Seligman, four members of the republican state committee, asking that no action be taken until they could be heard. To this the president agreed.

Representative Irwin presented Dr. T. H. Baker, postmaster at Louisville, and asked for his reappointment.

Regarding the collectorship, the president said definitely that he would not appoint Col. Stone, and asked the Kentuckians to try and agree on a man. If they can't do so, it is said to be nearly certain that the president will appoint Mr. Craft or Gov. Basil Duke.

Col. Stone is a brother of former Gov. Stone, of Missouri.

Leslie Coombs, United States pension agent for Kentucky, who is here regarding the collectorship, fell on the street and broke his leg.

Louisville, Ky., Nov. 12.—Concerning the collectorship of internal revenue, President Roosevelt may appoint Gen. Basil Duke to the vacant Kentucky collectorship of internal revenue. Gen. Duke has authorized the statement that this as the first indication that he had had of such a thing, and under no circumstances could he accept the position.

## MISS STONE ALIVE

Another Letter Has Been Received From the American Missionary Abducted by Brigands.

STILL HAS HOPE OF BEING RESCUED.

Enduring the Trials of Her Hard Experience With the Greatest Fortitude and Does Not Complain.

Bulgaria Continues to Interfere in the Negotiations With the Object of Forcing Transference Across the Frontier.

Sofia, Bulgaria, Nov. 12.—From an earlier letter that has been received from Miss Ellen M. Stone, the abducted missionary, it appears that she is enduring the trials of her hard experience with fortitude, forgetting herself in her anxiety for her companion, Miss Talika. Miss Stone does not dare complain of the treatment to which they are subjected, but she finds the confinement irksome and the weather extremely trying.

The tone of the latest letter received from her is hopeful. The brigands, by dating the letters at places where they are staying their delivery, seek to create the appearance of being far distant.

The Bulgarian government continues to interfere in the negotiations with the object of forcing transference of them across the frontier.
